

Gas Turbine World

2017 Editorial Calendar

Print Edition	Editorial Focus & Special Reports	Bonus Distribution
<p>Jan/Feb Specs</p> <p>Ad Close February 6</p> <p>Ad Due February 13</p>	<p>2017 GTW Performance Specifications Annual OEM design ratings for 2017 model year gas turbines with separate reference sections for simple cycle and cogen power generation, combined cycle, mechanical drive and marine application.</p>	<p>Single Copy and Bulk Orders GTW website and Industrial Info Resources online orders with 24/7 digital access year-round</p> <p>NexTurbine 2017 17-18 May, Shanghai, China</p>
<p>March/April</p> <p>Ad Close March 6</p> <p>Ad Due March 13</p>	<p>Breakthrough Aero & Heavy Frame Installations Successfully completed projects powered by the latest generation gas turbines, steam turbines and HRSGs rated at over 60% efficiency.</p>	<p>Electric Power Expo 10-13 April, Chicago, Illinois</p> <p>PowerGen Brazil 25-27 April, Sao Paulo, Brazil</p>
<p>May/June</p> <p>Ad Close May 25</p> <p>Ad Due June 1</p>	<p>Electric Utility and Oil & Gas Projects Gas turbines, expanders, steam turbines, heat exchangers, compressors, pumps, gas engines and control systems for offshore and onshore Oil & Gas exploration and transmission, LNG and petrochemical facilities.</p>	<p>PowerGen Europe 20-22 June, Cologne, Germany</p> <p>ASME Turbo Expo 27-29 June, Charlotte, N. Carolina</p>
<p>GTW Handbook</p> <p>Ad Close July 17</p> <p>Ad Due July 31</p>	<p>2017-18 Gas Turbine World Handbook Practical reference for industrial gas turbine project planning and engineering which includes GT plant budget prices, latest OEM design ratings, worldwide orders and installations, directory of consultants, manufacturers, product and service suppliers.</p>	<p>Single Copy and Bulk Orders GTW website and Industrial Info Resources online orders with 24/7 digital access year-round</p>
<p>Sept/October</p> <p>Ad Close August 21</p> <p>Ad Due August 28</p>	<p>Maintenance, Overhaul and Repair Maintain, repair, replace and upgrade power plant gas turbines, steam turbines, compressors, HRSGs, pumps, filtration, real-time performance monitoring.</p>	<p>PowerGen Asia 19-21 September, Bangkok, Thailand</p> <p>PowerGen International 5-7 December, Las Vegas, Nevada</p>
<p>Nov/December</p> <p>Ad Close November 3</p> <p>Ad Due November 10</p>	<p>Combined Cycle, Cogeneration and CHP Projects Best performing combined cycle plants with superior part-load efficiency, availability and reliability; simple cycle repowering for electric power cogeneration.</p>	<p>PowerGen Asia 19-21 September, Bangkok, Thailand</p> <p>PowerGen International 5-7 December, Las Vegas, Nevada</p>
