

Gas Turbine World

2018 Editorial Calendar

Issue Dates*	Editorial Focus and Special Reports	Bonus Distribution
Jan-February Ad Closing January 16 Material January 20	2018 GTW Handbook Annual workbook for project planning, budget pricing, gas turbine performance evaluation and calculation, procurement, construction, operation, maintenance, global orders and installations.	Single and Bulk Copies Personal, Library, Company orders NexTurbine China 2018 TBD, near Shanghai, China
March-April Ad Closing March 1 Material March 5	PetroChem and Oil & Gas Powerplants Gas turbines, expanders, steam turbines, heat exchangers, compressors, pumps, gas engines and control systems for offshore and onshore Oil & Gas production and transmission, LNG and petrochemical facilities.	Electric Power Expo 19-22 March, Nashville TN Offshore Technology 30 April-3 May, Houston, Texas
May-June Ad Closing June 11 Material June 15	Engineering upgrades of competitive gas turbines Projected decline in new unit orders has industry competing to overhaul rival gas turbine plants during major O&M intervals. Retrofitting proprietary engineering and advanced technologies hardware to upgrade performance, reliability and flexibility of competitive gas turbines (cross-fleet).	ASME Turbo Expo 11-15 June, Oslo, Norway PowerGen Europe 19-21 June, Vienna, Austria
July-August Ad Closing July 16 Material July 20	2018 GTW PERFORMANCE SPECIFICATIONS Update OEM design performance reference data for simple cycle gensets, combined cycle power plants, mechanical drives, marine gas turbine propulsion and offshore platform power.	PowerGen, Asia 18-20 September, Jakarta, Indonesia Single Copy and Bulk Personal, Library, Company orders
Sept-October Ad Closing October 15 Material October 22	Combined Cycle Powerplant Projects New generation of fast start-up and flexibly operating combined cycle plants with high ramp-rate load change, superior part-load efficiency, high availability and reliability.	PowerGen International 4-6 December, Orlando, Florida
Nov-December Ad Closing November 12 Material November 19	Aftermarket Product and Service Support O&M options for upgrade and maintenance of aero-derivative and heavy frame gas turbines based on choices of contractual OEM services vs. third-party parts and service suppliers.	PowerGen International 4-6 December, Orlando, Florida
Jan-February Ad Closing January 16 2019 Material January 20 2019	New Projects Year 2019 GTW Handbook Annual workbook for project planning, budget pricing, gas turbine performance evaluation and calculation, procurement, construction, operation, maintenance, global orders and installations.	NexTurbine China 2019 TBD near Shanghai, China Single and Bulk Copies Personal, Library, Company orders

*Revised March 2018, subject to change
